REPRESENTATIVE GARRETT RICHTER RECEIVES 2007 CHAIRMAN'S
AWARD

Tallahassee—The Florida Bankers Association (FBA) has announced Representative Garrett Richter (R) as the recipient of the FBA's 2007 Chairman's Award. Richter, a former banker, received the award at the FBA's Annual Convention held this year at The Breakers in Palm Beach.

The Chairman's Award was created in 2005 to honor an individual who has shown extraordinary commitment to working with the Florida Bankers Association for the betterment of Florida's economy, business climate and its communities.

"We are remarkably proud that Representative Richter's tremendous career as a banker has led to an equally impressive political career," said FBA President and CEO Alex Sanchez. "Representative Richter's desire to improve our great state shows in everything he does."

Representative Richter currently serves on the House Committee on Environmental Protection, the House Committee on K-12 Education, and the Job and Entrepreneurship Council. He also serves as the Vice Chair for the House Committee on Financial Institutions.

In the past, Representative Richter has served on the FBA Board of Directors, on the FBA's BankPAC (Political Action Committee) Board of Directors and on the FBA's Government Relations Council.
